**COOPERATION WITH THE WESTERN AND CENTRAL PACIFIC  
FISHERIES COMMISSION**

At its 73<sup>rd</sup> meeting in June 2005, the Commission recognized the importance of close cooperation with the Western and Central Pacific Fisheries Commission (WCPFC), as well as the need to move carefully forward to establish the basis for such cooperation.

The staffs of the two Commissions have collaborated to prepare a draft Memorandum of Understanding for the consideration of the member governments of both organizations. The draft draws heavily on the Antigua Convention and the WCPFC Convention, and is intended to provide a simple and general framework under which cooperative efforts can proceed.

**THE COMMISSION FOR THE CONSERVATION AND MANAGEMENT OF HIGHLY  
MIGRATORY FISH STOCKS IN THE WESTERN AND CENTRAL PACIFIC OCEAN**

**and**

**THE INTER-AMERICAN TROPICAL TUNA COMMISSION**

The Commission for the Conservation and Management of Highly Migratory Fish Stocks in the Western and Central Pacific Ocean (hereafter WCPFC) and the Inter-American Tropical Tuna Commission (hereafter IATTC):

**RECOGNISING** that the objective of the Convention for the Conservation and Management of Highly Migratory Fish Stocks in the Western and Central Pacific Ocean (WCPFC Convention) is to ensure, through effective management, the long-term conservation and sustainable use of highly migratory fish stocks in the western and central Pacific Ocean;

**RECOGNISING FURTHER** that the objective of the Antigua Convention for the strengthening of the Inter-American Tropical Tuna Commission established by the 1949 Convention between the United States of America and the Republic of Costa Rica (Antigua Convention) is to ensure the long-term conservation and sustainable use of the fish stocks covered by that Convention;

**UNDERSTANDING** that both the WCPFC Convention and the Antigua Convention have provisions to address the conservation of non-target, associated or dependent species which belong the same ecosystem as the target species;

**TAKING INTO ACCOUNT** that Article 22 of the WCPFC Convention calls upon the WCPFC to make suitable arrangements for consultation, cooperation and collaboration with other relevant organizations, including the IATTC;

**NOTING** that Article 22 of the WCPFC Convention also provides that, where the WCPFC Convention

Area overlaps with an area under regulation by another fisheries management organization, the WCPFC shall cooperate with such other organization in order to avoid the duplication of measures in respect of species in that area which are regulated by both organizations;

**AWARE** that Article 22 of the WCPFC Convention further calls upon the WCPFC to cooperate with the IATTC and to initiate consultation with the IATTC with a view to reaching agreement on a consistent set of conservation and management measures, including measures relating to monitoring, control and surveillance, for fish stocks that occur in the Convention Areas of both organizations;

**TAKING INTO ACCOUNT** that Article XXIV of the Antigua Convention calls upon the IATTC to cooperate with subregional, regional, and global fishery organizations and arrangements and, as appropriate, establish relevant institutional arrangements such as consultative committees, in agreement with such organizations or arrangements, with the goal of promoting the achievement of the objective of the Antigua Convention;

**NOTING** that Article XXIV of the Antigua Convention also provides that, where the Convention Area overlaps with an area under regulation by another fisheries management organization, the IATTC shall cooperate with such other organization in order to ensure that the objective of the Antigua Convention is reached;

**AWARE** that Article XXIV of the Antigua Convention further provides that the IATTC shall strive to agree with another organization with an overlapping area on the relevant measures to be taken, such as ensuring the harmonization and compatibility of the conservation and management measures adopted by the IATTC and the other organization, or deciding that the IATTC or the other organization, as appropriate, avoid taking measures in respect of species in that area which are regulated by the other organization;

**CONSCIOUS** of the fact that there is a geographical area that falls within the purview of both the WCPFC Convention and the Antigua Convention;

**AWARE** that there are stocks and species covered by both the WCPFC Convention and the Antigua Convention that migrate through areas that are within the purview of both Conventions;

**DESIROUS** to put into place arrangements and procedures to make possible the cooperation called for by the WCPFC Convention and the Antigua Convention, and to enhance the conservation and management of species which are covered by the two Conventions;

**NOW THEREFORE** the WCPFC and the IATTC record the following understandings:
