DOCUMENT COR-02-10

IATTC IUU VESSEL LIST

IATTC [Resolution C-05-07](#) requires the establishment of a list of vessels presumed to have carried out illegal, unreported and unregulated (IUU) fishing activities in the eastern Pacific Ocean (EPO), based on information collected by Members and cooperating non-Members and obtained from any other relevant sources.

The procedure for compiling the List is as follows:

1. Members transmit to the Director, before 1 February, a list of any vessel presumed to have carried out IUU fishing activities in the EPO during the current and previous years, together with supporting evidence;
2. On the basis of this information, the Director prepares a draft IATTC IUU Vessel List and circulates it, with the supporting evidence, to Members and to non-Members with vessels on the List, before 1 March. Before 15 April, comments on the draft List are to be transmitted to the Director;
3. The Director prepares a provisional IATTC IUU Vessel List, and transmits it, with the supporting evidence, to the members and the non-Members concerned, two weeks in advance of the Annual Meeting of the Commission.

Resolution C-05-07 also establishes, *inter alia*, that:

1. The Joint Working Group [on fishing by non-Parties] shall each year examine the provisional IATTC IUU Vessel List, as well as any relevant information provided by members.
2. The Joint Working Group shall remove a vessel from the provisional IATTC IUU Vessel List if the vessel's flag State demonstrates that:
 - a. The vessel did not engage in any of the IUU fishing activities described in paragraph 1 of the Resolution, or
 - b. Effective action has been taken in response to the IUU fishing activities in question, including, *inter alia*, prosecution, and imposition of sanctions of adequate severity.
3. Following the examination referred to in the above paragraph, the Joint Working Group shall recommend that the Commission approve the provisional IATTC IUU Vessel List, as amended by the Joint Working Group.

The Joint Working Group has been dissolved, and the Review Committee has assumed its functions with respect to IATTC matters. It would therefore be useful to update the resolution by changing the references to the Joint Working Group to the Review Committee.

The Secretariat sent to the relevant governments the draft IUU Vessel List, dated 28 February 2011, and

the provisional IUU Vessel List, dated 10 June 2011. The provisional list includes two vessels, *Dominador I* and *Ignacio Mar I*, which were added to the list at the request of a Member. That request also included the vessels *Don Abel* and *Tunamar*, but these were not added to the list. The *Don Abel* has not fished since 2008, and at its 80th meeting in June 2009, the Commission “*agreed that it would normally not be necessary or appropriate to include a vessel on the IUU list for the first time if that vessel had not fished during the year that its status on the list was being considered, or during the previous year*”. It would therefore not be correct to include the *Don Abel* in the provisional List.

It is also not correct to add the *Tunamar* to the provisional list, because it was added to the Regional Register on 2 July 2009, and Panama had taken actions to sanction its illicit activity in the past. The 9th Meeting of the Joint Working Group in September 2010 recommended removing this vessel from the provisional IUU list, a decision endorsed by the Commission at its 81st Meeting in October 2010.

The provisional (Appendix A) and current (Appendix B) IATTC IUU Vessel Lists are attached.
