

COMISION INTERAMERICANA DEL ATUN TROPICAL (CIAT) INTER-AMERICAN TROPICAL TUNA COMMISSION (IATTC)

Vacancy Announcement

Assistant Scientist for the Inter-American Tropical Tuna Commission (IATTC)

The Inter-American Tropical Tuna Commission (IATTC) invites applications for a position of Assistant Scientist within the life history and behavior group under the biology program. This is a full-time appointment to work for up to two years at the headquarters of this international organization, which are located in La Jolla, California, U.S.A.

The IATTC is the regional fisheries management organization responsible for the implementation of the [2003 Antigua Convention](#), the main objective of which is to ensure the long-term conservation and sustainable use of the fish stocks covered by the Convention. The IATTC employs a scientific staff that operates under the supervision of the Director of the Commission and of its Coordinator of Scientific Research. The functions of the scientific staff are defined in article XIII of the Convention and include, among others, conducting scientific research, providing information and scientific advice and collecting statistical data. More information about the IATTC can be found at www.iattc.org.

The selected applicant will work within the Life History and Behavior Group within the Biology Program, primarily in support of the Eastern Pacific Ocean regional tuna tagging project. Responsibilities will consist of processing tag returns which includes data entry, managing and improving databases, and general management of data collected from an ongoing tuna tagging program. Opportunities to work with different tagging technologies, including several different electronic tag types will be available. The applicant will also be expected to contribute to the preparation of scientific reports and publications resulting from experimental studies conducted within the tagging program.
