

Fishermen's Ingenuity Provided the Solutions

Backdown

Features of the AIDCP

Requirements for vessels that want to participate in the fishery on dolphins:

- ⇒ Observers present in every trip of vessel
- ⇒ Assignment of an individual dolphin mortality limit
- ⇒ Fine mesh panel in net to reduce entanglement of dolphins
- ⇒ Performance of backdown maneuver
- ⇒ Captain trained and certified
- ⇒ Rescue equipment and actions
- ⇒ Night sets prohibited

Compliance verified by an International Review Panel

- ⇒ Membership: governments, industry and environmental NGOs
- ⇒ Transparency
